Professional Summary

Full Stack Developer with 3.5+ years of experience in building scalable web and mobile applications using React Native, React.js, Next.js, Node.js, Express.js, JavaScript, TypeScript, and MongoDB. Experienced in enterprise HRMS development, REST API integration, reusable component architecture, performance optimization, Android & iOS deployment, and Agile software development.

Technical Skills

- Frontend: React Native, React.js, Next.js, HTML5, CSS3, SCSS, Tailwind CSS
- Backend: Node.js, Express.js
- Languages: JavaScript (ES6+), TypeScript
- Database: MongoDB
- State Management: Redux, Redux Toolkit, Context API
- Tools: Git, GitHub, VS Code, Android Studio, Xcode, Postman
- Other: REST APIs, Firebase, Agile, Responsive Design, App Store & Google Play Deployment

Professional Experience

Full Stack Developer | HRGF India Pvt. Ltd. | Mar 2026 – Present

- Project: NESMA HRMS
- Architect and deliver scalable enterprise HRMS applications using React Native, React.js, Next.js, Node.js, and MongoDB.
- Design reusable component libraries to improve maintainability, scalability, and development efficiency.
- Integrate RESTful APIs for authentication, attendance, payroll, employee services, and business workflows.
- Implement secure image, document, PDF, and file upload functionality across multiple HRMS modules.
- Optimize application performance by improving state management, API handling, and UI rendering.
- Publish Android and iOS application builds while supporting deployment and release activities.

- Partner with Product Owners, UI/UX Designers, Backend Developers, and QA Engineers in Agile sprints to deliver high-quality software solutions.

React Native Developer | Stacksmith | 2024 – 2026

- Built cross-platform mobile applications using React Native for Android and iOS platforms.
- Created reusable UI components and custom business modules to improve development consistency.
- Integrated RESTful APIs and implemented authentication, QR code, image, video, and document upload features.
- Diagnosed production issues, fixed bugs, and enhanced application stability and performance.
- Supported application deployment, testing, and release management across multiple environments.

React & React Native Developer | Craftnotion Technologies | 2022 – 2024

- Engineered responsive web and mobile applications using React.js, React Native, and Next.js.
- Developed reusable components and scalable front-end architecture for multiple client projects.
- Integrated RESTful APIs and delivered dynamic, user-friendly interfaces.
- Implemented responsive layouts compatible with mobile, tablet, and desktop devices.
- Worked closely with designers, backend developers, and QA teams to deliver production-ready applications.
- Participated in requirement analysis, feature development, testing, deployment, and post-production support.

Education

Bachelor of Engineering (Electronics & Communication Engineering)
JNTU University | 2022
